ESTABLISHED 1870

INCORPORATED 1913

SHENANDOAH, IOWA

## Conditions of Sale

**Shipping**—Parties ordering should state how they want goods shipped, by freight or by express, also route. When no instructions are given we forward to the best of our judgement. But in no case will we assume responsibility after delivery to the forwarding companies.

When losses occur by delays or other causes of whatever nature while goods are in transit, make claim AT ONCE on the forwarding companies.

**Payment**—Cash or security before shipment of goods except with established firms when if unknown to us references will be required before goods are forwarded. Orders to be sent C. O. D. should be accompanied by one-fourth cash.

**Prices**—Are limited to winter 1914-1915 and supersede all previous quotations on the stock herein listed and are subject to change without notice.

**Claims**—For deductions will receive consideration only when made within six days after receipt of goods.

**Caution**—We accept all orders upon condition that they shall be void should injury befall stock from frost, fire, hailstorms, or other causes over which we have no control.

**Packing**—Prices contained herein are net; cost of boxing and baling will be added.

**Certificate of Inspection** furnished with each shipment.

**Our Guarantee of Genuineness**—While we exercise proper diligence to have our trees, etc. true to label and hold ourselves in readiness, on proper proof, to replace all trees, etc. that may prove untrue to label, free of charge or refund the amount paid, it is mutually understood and agreed between the purchaser and ourselves that our guarantee of genuineness shall in no case make us liable for any sum greater than originally received for said trees etc. that prove untrue.

**Treatment of Nursery Stock**—That has been received during frosty weather. Place the package UNOPENED in a cool cellar, or some such place, that is free from frost, until perfectly thawed. DO NOT BE IN A HURRY TO OPEN. Stock can remain in this condition for a week or two, if the boxes are covered with moss, saw dust, earth, or something to exclude air. Then they can be unpacked. Treated thus, they will not be injured by freezing.

---

Our fall price list covering our entire line will be issued about September 1.

If prices are desired before September 1 please send us your "want list" for quotations and we will gladly give it prompt attention.

## Shenandoah Nurseries

D. S. LAKE, President.

# FRUIT TREE STOCKS

## American Grown

**APPLE SEEDLINGS**—We believe it will be to the customers' best interest to place his order early. Due to the poor seed and the smaller plantings, we think there will be a light crop with a gradual increase in price.

We can make shipments either from Shenandoah, Iowa or from Topeka, Kansas. We can usually make up car load lots to various distributing points in New York, Maryland, Utah, California, Oregon or Washington and other places. If your order is placed early, we can undoubtedly arrange to get it in one of these car lots and thus save considerable freight charges as well as securing for you quick and safe transportation.

Whole Root on No. 1 Straight Seedlings	10 00

All grafts boxed free

For detailed description of our method of making grafts and for list of varieties that we can supply, see our Winter Wholesale Trade List. If you do not have a copy on file, write us and we will gladly mail you one.

## FRUIT TREE STOCKS

### French Grown

We are not agents for French nurserymen but we have our own representative in France who has our seedlings grown for us on contract by men who make a specialty of growing fruit tree stocks.

We have a storage building where the seedlings are inspected, graded and packed. They are then shipped in car load lots to us at Shenandoah where we open every box and carefully inspect the grading and condition of the stock. A government inspector is also stationed at Shenandoah the entire Winter and he inspects every seedling.

We wish to impress on our customers the importance of sending in their orders early, before any items are sold out.

We wish to call your attention to the fact that our goods are sold **NET AT SHENANDOAH**. We take all the risks of transportation from France to this place. This is a very important point for customers to remember. Sometimes there is quite a heavy loss in these long shipments, but this does not affect the customers as we go through the boxes and throw out the damaged stock. We guarantee our stock to be in good condition when it is delivered to the forwarding agent at Shenandoah.

Prices Subject to change without notice.

# IMPORTED ORNAMENTAL STOCK AND SEEDLINGS

## For Planting in the Nursery Row

We are especially well situated to handle this line of stock. As mentioned we have our own representative in France the entire year. He makes frequent trips throughout France, also to Holland and Germany. He thus is in very close touch with nursery conditions. In fact he probably is the best posted man in France.

He personally selects our stocks and seedlings thus insuring our securing the very best stock obtainable. It is very important that orders be sent in early. Then you can secure a much larger assortment and have the stock reserved.

We have aimed to price all the common and leading ornamentals. But there are many new varieties, novelties and plants used only in certain sections, which it was impractical for us to list. We only listed the most popular varieties of Altheas, Deutzias, Weigelas, Lilacs, etc. If you want something which you do not find in this list, write us and no doubt we can supply you. Neither was it practical for us to give complete descriptions, but we will gladly send full information about any of these varieties to any one desiring it.

We cannot list the size of all this stock in inches and feet as nurserymen in France sell by the age instead of by the height.

Note: The following prices are for quantities of 100 or more; when less than this amount is bought add 10 per cent to the price listed.

		Per 1000
